Adolescent / Child Self-Report - Responses to Stress - Chronic Health Condition (CHC) (SR-C)

This is a list of things about a chronic health condition that children and teenagers sometimes find stressful or a problem to deal with. Please circle the number indicating how stressful the following things have been for you in the past 6 months.

	Not at All	A Little	Somewhat	Very
a. Feeling different from other people because of my chronic health condition	1	2	3	4
b. Not being able to do things other people my age can do because of my chronic health condition	1	2	3	4
c. Feeling like no one else understands what it's like to have a chronic health condition	1	2	3	4
d. Having to take medications for my chronic health condition	1	2	3	4
e. Having to explain my chronic health condition to people	1	2	3	4
f. Thinking that something bad might happen with my chronic health condition	1	2	3	4
g. Disagreements or arguments with my parents about my chronic health condition	1	2	3	4
h. Managing my chronic health condition when I'm away from home	1	2	3	4
i. Having to go to the clinic or the hospital because of my chronic health condition	1	2	3	4
j. Thinking that my chronic health condition will get worse	1	2	3	4
k. Having problems or complications from my chronic health condition when I'm around other people	1	2	3	4
l. Having difficulty keeping up with school and / or work because of my chronic health condition	1	2	3	4

Circle the number that shows how much control you generally think you have over these problems.

1 2 3 4
None A little Some A lot

Below is a list of things that children and teenagers sometimes do, think, or feel when something stressful happens OR they are dealing with a chronic health condition (CHC). Everyone deals with problems in their own way – some people do a lot of the things on this list or have a bunch of feelings, other people just do or think a few of these things.

Think of all the stressful parts of your chronic health condition that you indicated above. For each item below, circle **one** number from 1 (not at all) to 4 (a lot) that shows **how much** you do or feel these things when you have problems with your chronic health condition, like the ones you indicated above. Please let us know about everything you do, think, and feel, even if you don't think it helps make things better.

WHEN DEALING WITH THE STRESS OF MY CHRONIC HEALTH CONDITION:	How much do you do this?			
	Not at all	A little	Some	A lot
1. I try not to feel anything.	1	2	3	4
2. When dealing with the stress of my chronic health condition, I feel sick to my stomach or get headaches.	1	2	3	4
