Presentation Evaluation Form

Use this form to evaluate PhD **presentations**. If you do not see your student's name, you may need the PhD poster evaluation form.

For each category, please provide a quantitative rating *and* comments. The qualitative feedback is most helpful to students.

1. Clarity and Significance of Research Problem
    1) Research problem is not articulated or grounded in literature
    2) Research problem is unclear or insufficiently grounded in literature
    3) Research problem is clearly articulated and adequately grounded in literature
    4) Research problem is clearly articulated, adequately grounded in literature, and is of unusual worth or importance
